August 2023

We are right in the thick of the dog days of summer! To help you beat the heat, check out a few of the Roby family's *coolest* projects, people and pets!

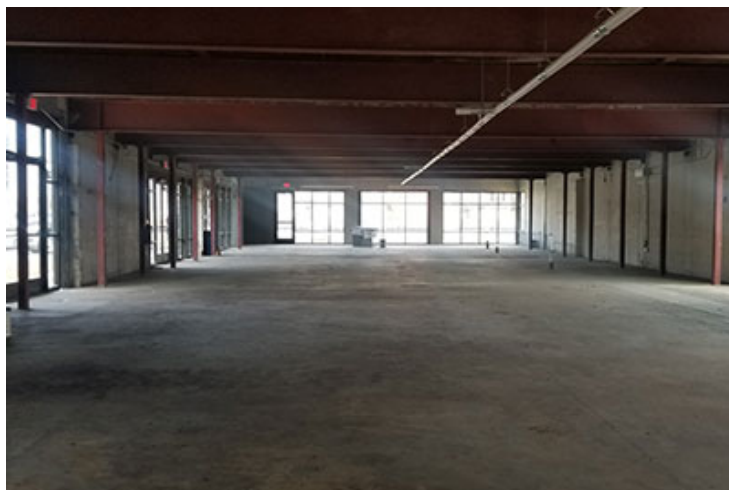

Cool Updates from the High Country

It may be a few degrees cooler at our [Andrew Roby](#) Boone office, but our High Country team is still breaking a sweat on a variety of cool renovation and custom home construction projects. This 1 bed / 1.5 bath guest house designed by Pursley Dixon Architecture is a shining example. Located just a stone's throw away from the main house, this guest house is perfect for hosting out-of-town family and friends in need of that crisp mountain air. Complete with a small kitchenette and outdoor patio, guests have everything they need for a cool mountain visit.

Cool Commercial Project in the News

One of our coolest [Roby Commercial](#) projects to date is [Goldie's](#) which celebrated its grand opening in May. Prior to the renovation, the [Goldie's](#) location in SouthEnd was an empty 6,500-square-foot warehouse space. Today, it is home to a live music venue, with food, drinks, outdoor patio space and a main stage with daily live music. Follow [@goldiesclt](#) on Instagram to view all upcoming musical guests, peruse their menu and make plans to go. Chances are, you'll find a few friends from Roby seated close by. (We are some of [Goldie's](#) biggest fans!). To tour the full space, click [here](#).
